DETAILED ACTION

Response to Amendment

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 21-25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is unclear whether the claim 21 is an apparatus or method claim.

Allowable Subject Matter

3. Claims 5-8 and 13-21 are allowed.

Response to Arguments

4. Applicant's arguments filed 07/31/2003 have been fully considered but they are not persuasive.

Regarding claim 21, Applicant argues that the claim 21 is an apparatus claim. The examiner does not agree. In the preamble, a media access control unit (an apparatus) is recited, but in the body of the claim, the steps to be processes by the media access control unit are claimed without any structures associated with the media access control unit. Therefore, the claimed subject matter is neither an apparatus nor a method, but it is a combination of the two.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
